

MICROPLEX® BP

Environmental

What is MicroPlex® BP?

Contains specialty blended microbial strains for biological wastewater treatment. Composed of slowly dissolving, biodegradable, matrix (cake) material, packed inside a durable porous mesh netting. Ideal for any drain, grease trap, lift station or sewer line experiencing odor problems and/or buildup of FOG.

What does MicroPlex® BP do?

The microbes are specially selected for their ability to break down (not just dissolve) the organic contaminants common in food preparation, manufacturing, and domestic wastewaters. The cakes are available in several sizes to efficiently and cost-effectively meet the needs of every application.

CONSULT: Consult your local Huma® Environmental Representative or other soil or wastewater specialist for site-specific recommendations.

Biological Wastewater Remediation

For Drain, Trap, Pump Station, and Sewer Maintenance

Activated Bugs™

Derived from non-pathogenic, naturally occurring, preselected microorganisms

SAFETY

KEEP OUT OF REACH OF CHILDREN

CAUTION:

If material contacts skin or eyes, flush thoroughly and repeatedly with water.

PRODUCT CHARACTERISTICS:

Red, green, blue, or beige cylinders or cakes in plastic mesh netting with loop for hanging.

STORAGE AND DISPOSAL:

Store in dry area at 45°F to 105°F (7°C to 40°C). Do Not Freeze or heat above 40°C. Dispose of plastic mesh netting in accordance with local regulations.

CONDITIONS OF SALE:

The information contained on this label is believed to be accurate and reliable. Buyer and user acknowledge and assume all liability resulting from the use of this material. Follow directions carefully. Timing, method of application, weather, and other factors are beyond the control of the seller.

LIFT STATION APPLICATION

Product Amount	For Minimum Flow Rate	For Maximum Flow Rate
0.5 lb	10,000 gpd	25,000 gpd
	40 m ³ /d	100 m ³ /d
1 lb	20,000 gpd	50,000 gpd
	50 m ³ /d	200 m ³ /d
2 lb	50,000 gpd	100,000 gpd
	200 m ³ /d	400 m ³ /d
10 lb	250,000 gpd	1,000,000 gpd
	1,000 m ³ /d	4,000 m ³ /d

CONTACT YOUR LOCAL HUMA® ENVIRONMENTAL REPRESENTATIVE FOR SPECIFIC USAGE RECOMMENDATIONS.

Shelf life: 2 years when stored properly
