

The fertilizer in this bag is one of the best fertilizers available. GRO-POWER® PLUS 5-3-1 both fertilizes and conditions soil. Nitrogen, Phosphorus, Potassium, plus micronutrients are all included to help feed the plant. GRO-POWER® PLUS 5-3-1, is an odorless product with Humic Acids. Humic Acids may aid in the uptake of micronutrients. A soil penetrant has been added to aid in improving difficult, poor draining soils.

HOW TO APPLY FOR BEST RESULTS

LAWNS:

All grasses.....2 ½ lbs. per 100 sq. ft.
Immediately after application, water thoroughly, taking care to wash GRO-POWER® PLUS off grass blades or other foliage. GRO-POWER® PLUS can be applied to the tenderest grass, but do not use as a top-dress on seed.

For proper lawn care, GRO-POWER® PLUS should be applied at 3 to 4 month intervals throughout the year. (Do not apply on wet grass or on cool season grass when temperature is above 85 degrees).

GROUND COVER:

Ajuga, ivy, etc.....2 lbs. per 100 sq. ft.
Apply as stated above in Grass section.

BUSHES, SHRUBS, SMALL TREES:

Small plants..... 3 tbsp. up to ¼ cup
Medium plants ¼ cup up to ½ cup
Large plants1 cup up to 2 cups
depending on size of plant.
Apply as stated above in Grass section.

ROSES, AZALEAS, CAMELIAS, ETC.

Small to Medium plants.....3 tbsp. up to ½ cup
Medium to Large plants ½ cup up to 1 cup
Extra Large plants.....1 cup up to 2 cups
Apply as stated above in Grass section.

CITRUS, AVOCADO, FRUITS, EVERGREEN, BERRY & GRAPE VINES:

Apply ½ lb. of GRO-POWER® PLUS for every inch of diameter of the tree. Work into soil lightly around the drip line and thoroughly water. Keep moist for two to three days, then water normally. Feed every 3 to 4 months.

PANSIES, CHRYSANTHEMUMS, OTHER BED GROWN FLOWERS:

Sprinkle GRO-POWER® PLUS in flower bed at 2 lbs. per 100 sq. ft. (be sure to wash GRO-POWER® PLUS off the plant leaves). Keep bed moist.

POTTING MIX:

Add GRO-POWER® PLUS to the potting mix at the rate of 15 - 17 lbs. per cubic yard, or 8 oz. per 1 cubic foot of mix.

POTTED PLANTS:

1 gallon container1 tbsp.
5 gallon container..... 2 tbsp.
10 gallon container..... 3 tbsp.
15 gallon container ½ cup

Apply GRO-POWER® PLUS every 2 months. Plants in containers should not be overfed, and care should be exercised in applying GRO-POWER® PLUS in conjunction with other fertilizers. GRO-POWER® PLUS may intensify their strength.

GARDEN VEGETABLES:

Apply GRO-POWER® PLUS at the rate of 4 to 5 lbs. per 100 sq. ft. Work into soil and thoroughly water. Do not plant seed until the GRO-POWER® PLUS has been watered in thoroughly. Feed 2-3 times with a small amount of GRO-POWER® PLUS during the growing period.

IMPORTANT: Before the first application of GRO-POWER® PLUS, if possible, aerate soil to get the Penetrant down into the compacted soil faster.

SOME STATES REQUIRE: Do not apply if a heavy rain is expected. Do not apply near water, storm drains, or drainage ditches. Apply only to the intended application area. Sweep any product that lands on an impervious surface back onto the application area. This product is only intended for use in establishing or repairing turf or if a soil test indicates a phosphorus deficiency.
