

TOMATO 'N' VEGETABLE, 8-10-4

General Fertilizer/Soil Conditioner for All Vegetables, Fruits & Herbs

Gro-Power® products are based on naturally oxidized leonardite from our own mine in New Mexico. Leonardite adds organic matter to soils that provides a concentrated source of humic and fulvic acids—which stimulates soil microbial life and soil fertility, enhances plant nutrient availability and uptake, improves root development and root mass and growth, and increases plant growth and quality.

Guaranteed Analysis

Active Ingredients:

Total Nitrogen (N)	8.00%
6.00% Urea Nitrogen	
2.00% Ammoniacal Nitrogen	
Available Phosphate (P ₂ O ₅)	10.00%
Soluble Potash (K ₂ O)	4.00%
Calcium (Ca).....	3.50%
Magnesium (Mg)	0.50%
Sulfur (S).....	2.00%
Iron (Fe).....	2.20%
Manganese (Mn).....	0.05%
Zinc (Zn)	0.05%

Derived From: ammonium phosphate, urea, calcium carbonate, sulfate of potash, magnesium oxide, iron oxide, manganese oxide, and zinc oxide.

Also Contains Non-Plant Food Ingredients:
6.00% Humic Acids (derived from leonardite)

Physical Properties:

Form: solid granules
Appearance: Dark reddish-brown-to-black particles/dust having no odor.

Gro-Power® **Tomato 'n' Vegetable** 8-10-4 is a complete fertilizer and soil conditioner specially formulated for feeding all vegetables, fruits, and herbs throughout the growing season. Gro-Power® **Tomato 'n' Vegetable** also contains all primary, secondary, and trace minerals necessary for healthy growth and fruit production. Calcium is supplied to help prevent blossom end-rot on tomatoes. Humic acid may aid in the uptake of micronutrients. Contains no sewage sludge, animal or poultry manure.

Benefits of use:

- General feeding of all plants
- Improves soil health and nutrient availability
- Promotes vigorous root systems
- Increases plant resistance to diseases
- Good source of calcium, prevents blossom end-rot in tomatoes
- Yields beautiful fruits and vegetables

Garden Soil Preparation: For best results, initially prepare your soil by amending the top 6-8 inches with a good quality compost and thoroughly mix in 15-20 lbs. of Gro-Power® **5-3-1** or Gro-Power® **5-3-1 Plus** per 100 sq. ft. of bed area. If bed is prepared, apply Gro-Power **Starter Fertilizer** 2-10-10 at the rate of 1-2 lbs. per 100 sq. ft. and begin feeding with Gro-Power® **Tomato 'n' Vegetable** one month after planting.

Feeding Garden: Evenly apply 1 to 1½ lbs. per 100 sq. ft. of area. Water thoroughly. Feed every 3 to 4 weeks during growing season.

Feeding Individual Plants:

Plants, Settings	Application Rates
Small plants and herbs	2 tsp.
Medium plants and bushes	1-2 tbsp.
Large plants and vines	3 tbsp.

Water thoroughly.

Feed every 3 to 4 weeks during the growing season.
