# **INTENDED FOR PROFESSIONAL & COMMERCIAL USE** GRO-POWER® PREMIUM GREEN® 8-8-8/MU FAIRWAY GRADE -8+14 (200 SGN)

GRO-POWER® PREMIUM GREEN® 8-8-8/MU is a unique multi-purpose product that fertilizes and conditions the soil. It contains equal amounts of primary nutrients, including slow-release methylene urea (MU), as well as 4% Magnesium, 2% Iron and micronutrients.

The basic material in GRO-POWER® PREMIUM GREEN® 8-8-8/MU, is naturally oxidized leonardite from New Mexico. Leonardite is a concentrated source of humic acids, which may increase micronutrient uptake. The nutrients in GRO-POWER® PREMIUM GREEN® 8-8-8/MU promote plant growth. A soil penetrant has been added to maximize water percolation into the soil profile.

### NO CHLORIDES - NO SEWAGE OR SLUDGE - NO ANIMAL OR POULTRY MANURE WILL NOT LAYER OR BUILD UP IN SOIL OR GREENS MIX
